I met Preston's character in the first book in this series and really liked him. I'm so I he found his happy ending. I can't wait to read Marie's story. Happy reading !0 of 0 people found the following review helpful. Sweet read.By readerSweet and quick read. I remembered Preston from Until Now and felt bad for him so it was nice to see him get a HEA. Wish it had been a little longer only because I loved the characters and wanted more but it was a nice read for a lazy afternoon.Compared to the other books in the series, the story is pretty clean. There is a little heat at the end but not very descriptive and maybe a couple of paragraphs and not bad language at least that I can remember.0 of 0 people found the following review helpful. Delivered it all!By H. ManattI love romantic fiction and this is that at its best! I'm very pleased with the happy endings as that is my main reason why I love this type of books!
